

## DID YOU KNOW THAT INDOOR AIR IS MORE POLLUTED THAN OUTDOOR AIR .....?

It's true. The air you breathe indoors—at the office, mall, school, hotel, hospital – is worse for you than the air you breathe outside. That's because most buildings are tightly sealed to reduce energy consumption, but this keeps out fresh, outside air and causes indoor air to be re-circulated over and over again with minimal fresh air intake.

Over time, indoor air pollutants, such as bacteria, viruses, and mold develop and multiply in the air stream, causing indoor air quality to decline and leading to a range of health issues that include headaches, runny noses, breathing difficulties and allergies.

## PAC Klean Professional Fancoil Cleaner & Sanitizer

### Features

- Sanitize and reduce humid smell.
  - Clean the dust and oil stain on the fin coil
  - Instantly clean. No need to rinse with water
  - Non-corrosive to the coil and equipment.
  - Unscented. Safe for everyone in your family.
  - Easy to use. You can do it yourself.
  - Increase cooling efficiency of your air conditioner.
- \* Suitable for wall-mounted air conditioner.
- \* One bottle can be used 3 times for an air conditioner of 12,000 BTU depending on the air conditioning usage.

### How to use

1. Turn off the air conditioner.
2. Open the cover and remove the filter to see the coil.
3. Spray it on the coil. Make sure it reaches the inner part.
4. Clean the filter with PAC Klean for better efficiency.
5. Leave it for 15-30 minutes before turning on the air conditioner.

## PAC Klean Air Con Film Cleaner Split Unit Air Con Film Cleaner

PAC Klean Film is designed to reduce pipe clogging in the air conditioner and also prevents bacteria and mold. The film will melt slowly in the water and get rid of dirt to prevent bacteria, mold, and smell. It also prevents dust and slime to clog the drain system and cause diseases.

### PAC Klean Air Con Film Cleaner

Reduce bacteria, slime, and mold. Disinfect, clean the air, and get rid of bad smell. Easy to use, safe, and cost saving.

\* Suitable for wall-mounted air conditioner.

One piece lasts 3-6 months for an air conditioner of 12,000 BTU. depending on the air conditioning usage.

### How to use

1. Turn off the air conditioner.
2. Open the cover and remove the filter to see the coil.
3. Put PAC Klean film vertically between the fin coil and the cover. Make sure it reaches the water tray.
4. Put PAC Klean film tightly in place.
5. Put the filter and cover back before using the air conditioner.

## PAC Klean Drain Pan Cleaner Split Unit Air Con Tablet Cleaner

PAC Klean Tablet is designed to reduce pipe clogging in the air conditioner and also prevents bacteria and mold. The film will melt slowly in the water and get rid of dirt to prevent bacteria, mold, and smell. It also prevents dust and slime to clog the drain system and cause diseases.

### PAC Klean Drain Pan Cleaner

Reduce bacteria, slime, and mold. Disinfect, clean the air, and get rid of bad smell. Easy to use, safe, and cost saving.

\* Suitable for Floor Ceiling and 4 Way Cassette air conditioner.

One piece lasts 1-3 months for an air conditioner of 60,000 BTU. depending on the air conditioning usage.
